KMAP Provider Enrollment

History

- December 2018 the Kansas Modular Medicaid System (KMMS) Provider Enrollment Wizard became available for use.
- July 2019 KMAP Provider Enrollment now required for Sunflower to pay claims to providers for Medicaid services, including the TIN, NPI, type and specialty.

For additional information go to KMAP Provider Enrollment www.kmap-state-ks.us/Public/Provider.asp

Medicaid Credentialing and Contracting Details

- Initial enrollment, completed on the KMMS Provider Enrollment Wizard.
- Approved KMMS Provider Enrollment is forwarded to Sunflower if selected in the application submitted.
- Upon receipt of approved KMMS Provider Enrollment, Sunflower begins to complete necessary credentialing and/or contracting, including applicable provider data loading.
- Demographic updates, provider changes and revalidation follow applicable KMMS provider instructions, i.e., bulletins, manuals. Begin the process at www.kmap-state-ks.us/Public/Enrollment%20Application.asp

To check on the status or ask questions regarding credentialing or contracting please email sunflowerstatehealth@centene.com.

Provider Enrollment Updates

- KMMS is the Kansas Medicaid provider source of truth.
- Providers should direct all changes to their provider record to KMMS. Updates are sent to the Managed Care Organizations from KMMS.
- For more information, please view KMAP Bulletins: 18261, 18180, and 19064 at <https://portal.kmap-state-ks.us/PublicPage/Public/Bulletins>

Fraud, Waste & Abuse (FWA)

Some of the most common FWA practices include:

- Unbundling of codes
- Upcoding services
- Add-on codes billed without primary CPT
- Claims for services not rendered
- Use of exclusion codes
- Diagnosis and/or procedure code not consistent with the member's age/gender
- Excessive use of units
- Misuse of benefits

Ways to Report Potential Fraud, Waste and Abuse

- Call the **Sunflower FWA Hotline** at 1-866-685-8664. You do not need to give your name.
- Contact Sunflower at Sunflower Health Plan Program Integrity, 8325 Lenexa Dr., Ste 410, Lenexa, KS 66214.
- You can also report suspected provider fraud, waste and abuse to the Kansas Medicaid Fraud and Abuse Division. Contact Kansas Attorney General's Office Medicaid Fraud & Abuse Division - 120 SW 10th Ave., 2nd Floor, Topeka, KS 66612-1597 Phone: 866-551-6328 or 785-368-6220

Cultural Competency

Our commitment –

- Providing quality health care services regardless of race, color, national origin, sex, sexual orientation, gender identity, age, or disability.
- Developing, strengthening, and sustaining healthy provider/member relationships.

Our plan –

- Our staff complete annual Cultural Competency and sensitivity training.
- Offer information, resources and quarterly training to our providers.
- For additional information and resources on Sunflower's Cultural Competency program, please go to www.sunflowerhealthplan.com

Annual Cultural Competency Training Requirements

News Announcement (1/26/21) – [Verification of Cultural Competency Training](#)

- Why? We are required to collect information on whether providers have completed Cultural Competency training and to display that in our provider directory and Find a Provider tool.
- What are the training requirements? Choose one of the following:

	Sunflower	HHS	Continuing Education	Organizational Training
	Offered On Demand	Complete HHS Think Cultural Health online session	Complete continuing education on cultural competency	If the provider organization offers in house cultural competency training
Resources	www.sunflowerhealthplan.com/providers/resources/provider-training.html	thinkculturalhealth.hhs.gov/education		
Verification	Submit Verification of Completed training via WebForm: www.sunflowerhealthplan.com/providers/resources/provider-training/cultural-competency-traiing.html			

Provider-Member Communication

Why is communication important?

- Affects patients' perception of the care they are receiving.

Why could a patient not understand what their healthcare provider is telling them?

- The patient's social and/or economic status
- The patient's education level
- The complexity of the treatment and instructions
- Health system variables

Here are some ways to encourage better communication with patients:

- Build rapport with the patient
- Do not interrupt the patient
- Ask open-ended questions
- Empower the patient

Provider Training

Project ECHO (www.sunflowerhealthplan.com/providers/project-echo.html):

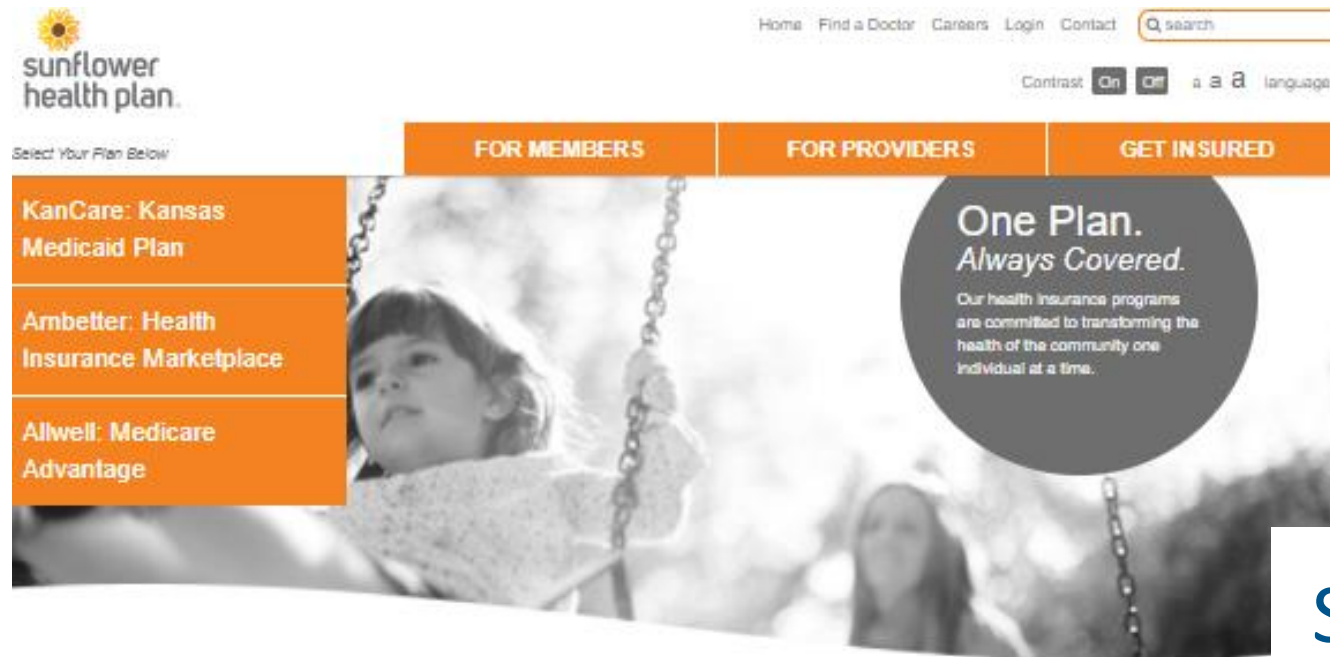

- Project ECHO® (Extension for Community Healthcare Outcomes) is a self-paced lifelong learning and guided practice model that revolutionizes medical education and exponentially increases workforce capacity to provide best-practice specialty care and reduce health disparities.
- Quarterly Topics
- Free Continuing Education credits for licensed clinicians through the University of Missouri and certificate of completion for social workers & therapists.

Additional Training Resources

- See our Provider Training page at www.sunflowerhealthplan.com/providers/resources/provider-training.html for additional training opportunities and upcoming events

- Each new member is assigned a primary care provider (PCP) once they are enrolled with Sunflower Health Plan.
- Members may change their PCP at any time through our member portal, by calling Customer Service or by returning a completed PCP change form located on our website.
- Members do not need a referral before seeing another network physician or specialist.

What is a Grievance?

A grievance is defined as any expression of dissatisfaction about any matter, other than an adverse benefit determination or an action that would be resolved through the appeals process.

Providers have 180 calendar days to request a grievance from the date of the matter being grieved.

Grievances may include, but are not limited to:

- Quality of care or services provided
- Aspects of interpersonal relationships such as rudeness of a provider or employee
- Failure to respect the member's rights
- Access to care – unable to get an appointment
- Quality of care – no prescription given at appointment and member ended up in ER
- Attitude or service, Health Plan – rudeness of plan staff to member
- Attitude or service, Provider – provider rudeness
- Quality of practitioner office site – provider office is dirty

For more information regarding filing a grievance, please see the [Sunflower Provider Manual](#).

What is a Member Appeal?

An appeal is a request for review of an adverse benefit determination

An adverse benefit determination is the denial or limited authorization of a requested service, which can include any of the following:

- The denial or limited authorization of a requested service, including the type or level of service
- The reduction, suspension, or termination of a previously authorized service
- The denial, in whole or part of payment for a service
- The failure to provide services in a timely manner
- The failure of plan to act within the timeframes to resolve grievances and appeals
- For a member residing in a rural area with only one MCO, the denial of member's request to obtain services outside the network
- The denial of member's request to dispute a financial liability

Report to any health plan employee is valid and starts process

For more information regarding filing an appeal, please see the [Sunflower Provider Manual](#).

Care Management

The Sunflower case management/care coordination program is designed to help members obtain needed services. Focusing on the whole person by partnering with our trusted providers to ensure members receive the right services, in the right place, at the right time. These services are implemented through:

- Care Coordination
- Complex / Intensive Case Management
- Disease Management

Some of the benefits of care management are:

- Working with members to develop a care plan
- Speaking with members at scheduled times
- Interacting with members doctors'
- Helping connect members with community programs and services
- Coordination and assistance with appointment scheduling

Providers can refer members for care management

- Customer Service 1-877-644-4623
- Secure Provider Portal, provider.sunflowerhealthplan.com

Care Coordination

- Care coordination involves deliberately organizing patient care activities and sharing information among all the participants (providers) concerned with a patient's care to achieve safer and more effective care.
- The main goal of care coordination is to meet patients' needs and preferences in the delivery of high-quality, high-value health care.

Improved health outcomes.

Care Coordination

How can providers facilitate Coordination of Care?

- By making referrals and following up on those referrals to other healthcare providers.
- Talking with members about the healthcare services they are receiving.
- Establish a communication plan with the member and other healthcare providers which may include obtaining signed releases by the member.
- Documenting the communication of services being provided by other healthcare providers in the medical record including the initiation of services, ongoing and completion of the services.

Advance Directives

- An advance directive is a legal document in which a person specifies what actions should be taken for their health if they are no longer able to make decisions for themselves because of illness or incapacity.
- A living will allow individuals to document their wishes concerning medical treatments at the end of life.
- A medical power of attorney (or healthcare proxy) allows an individual to appoint a person they trust as a healthcare agent (or surrogate decision maker), who is authorized to make medical decisions on their behalf. Before a medical power of attorney goes into effect a person's physician must conclude that they are unable to make their own medical decisions.

Refer to [Sunflowerhealthplan.com](https://www.sunflowerhealthplan.com) for additional details regarding Advance Directives.

Claims 101

Who can file a claim?

- All providers – whether in-network or out-of-network – who have rendered services to Sunflower members can file claims.

How can claims be filed?

- Electronic
 - EDI direct submission completed via Provider Portal
 - EDI submission completed via a clearinghouse
- Provider Portal
- Paper claims can be mailed

Coordination of Benefits (COB) & Third-Party Liability (TPL)

- Sunflower is always the payer of last resort.
- Bill the primary coverage first, unless the services are on the KMAP TPL non-covered list.
- Tertiary medical claims must be billed on paper claim forms and mailed.

Go to [Sunflowerhealthplan.com](https://www.sunflowerhealthplan.com) for additional details.

Billing Definitions

Billing the Member

- Providers may not bill, charge, collect a deposit from, seek compensation, remuneration, or reimbursement from, or have any recourse against members for covered services in the event, including but not limited to, non-payment by Sunflower, health plan insolvency, or breach of the agreement between Sunflower and the provider.

Clean Claim

- A claim that can be processed without obtaining additional information from the provider of services or from a third party.

Non-Clean Claim

- Defined as a submitted claim that requires further investigation or development beyond the information contained in the claim. The errors or omissions in the claim may result in:
 - A request for additional information from the provider or other external sources to resolve or correct data omitted from the claim;
 - A need for review of additional medical records; or
 - A need for other information necessary to resolve discrepancies.
 - May involve issues regarding medical necessity and include claims not submitted within the filing deadlines.

Advance Beneficiary Notice for Fee-for-Service Medicaid Program

- The KMAP beneficiary can be held responsible for payment of common services and situations. Beneficiaries can be billed only when program requirements have been met and the provider has informed the beneficiary in advance and in writing. The provider must notify the beneficiaries in advance if a service will not be covered. To ensure the beneficiary is aware of his or her responsibility, the provider has the option of obtaining a signed Advanced Beneficiary Notice (ABN) from the beneficiary prior to providing services. A verbal notice is not acceptable. Posting the ABN in the office is not acceptable.
- For services where there is normally no face-to-face contact between the beneficiary and the provider (examples are lab and radiology services), the written ABN signed annually by the beneficiaries with the referring provider is an appropriate notification of responsibility for payment of noncovered charges.
- Providers are not to charge a KMAP beneficiary for services denied for payment by KMAP because the provider has failed to meet a program requirement including PA.
- Providers shall not bill beneficiaries for missed appointments. Missed appointments are not a distinct reimbursable service but a part of the providers' overall cost of doing business.

For additional details, please refer to the KMAP General Benefits Provider Manual portal.kmap-state-ks.us/PublicPage/Public/ProviderManuals

Secure Provider Portal – Account Manager

Role: The primary point of contact between the provider's office and the health plan.

Responsibility: At a practice is responsible for the day-to-day support of all the other user accounts registered for the same Tax Identification Number (TIN).

- Verify new users for their TIN
- Enable or disable access to the portal for existing users
- Change the permissions of all users under their TIN

The screenshot displays the Account Manager interface. At the top, there are two main sections: "Search for User" and "Invite a User".

Search for User: This section contains three input fields: "Email" (with "Email" as a placeholder), "Last Name" (with "Last Name" as a placeholder), and "Status" (a dropdown menu with "Status..." as a placeholder). Below these fields is a checkbox labeled "Verification Pending" and two buttons: a green "Go" button and a red "Clear" button.

Invite a User: This section contains an "Email Address" input field with "name@domain.com" as a placeholder. Below the input field is a green "Send Invitation" button and a blue link labeled "Account Manager User Guide".

Below these sections is a table with the following columns: "Email Address", "Last Name", "First Name", "TIN", "Telephone Number", and "Status". The table contains several rows of data, which are blurred for privacy.

An orange arrow originates from the "Manage Accounts" button in the bottom left and points to the "Invite a User" section.

Secure Provider Portal - Claim Listing

The screenshot displays the Sunflower Health Plan Secure Provider Portal. At the top, there is a navigation bar with icons for Eligibility, Patients, Authorizations, Claims, Messaging, and Help. Below this, a search area allows filtering claims by TIN and Plan Type (Sunflower Health), with a 'GO' button. To the right are buttons for 'Upload EDI' and 'Create Claim'. The main content area is titled 'Claims' and includes tabs for 'Individual', 'Saved', 'Submitted', 'Batch', 'Recurring', 'Payment History', and 'Claims Audit Tool'. The 'Individual' tab is active, showing a 'Claims: Recent' section. A search filter is set to 'Date Range : 10/01/2022 to 10/15/2022'. Below the search is a table of claims with columns for CLAIM NO., CLAIM TYPE, MEMBER NAME, SERVICE DATE(S), BILLED/PAID, and CLAIM STATUS. The table lists six claims, all with a status of 'Paid'. At the bottom of the table, a message states 'All results displayed. Please adjust your Search or Filter criteria to see more.'

Quality Improvement Program

Goal of Quality Program

- Is to improve members' health status through a variety of meaningful quality improvement activities implemented across all care settings and aimed at improving quality of care and services delivered.
- Patient safety is integrated throughout many activities across the plan, but primarily through identification of potential and/or actual quality of care events.

Quality of Care Issues

- Require investigation of the factors surrounding the event to make a determination of their severity and need for corrective action, up to and including review by the Peer Review Committee as indicated.
- Received in the QI department are tracked and monitored for trends in occurrence, regardless of their outcome or severity level.

Performance Improvement Plan

- Adopts traditional quality/risk/utilization management approaches to identify problems, issues, and trends with the objective of developing improvement opportunities.
- Initiatives are selected based on data that indicates the need for improvement in a particular clinical or nonclinical area and includes targeted interventions that have the greatest potential for improving health outcomes or service standards.

Care Gaps

Pregnancy

- We want to ensure our pregnant members get the proper prenatal care, high-risk services and any additional care they may need.
- Please help us identify Sunflower members who have these needs so we may communicate all available benefits to them.

Women between 21-64 Years of Age

- Have they had an appointment in the last year? Women in this age group should have regular exams for Cervical Cancer Screening with frequency based on their individual risk factors and history.
- Please assist in educating and scheduling these appointments.

Members under 2 Years

- When was the child's last well child visit? Are they up to date on immunizations?
- Please assist in providing and educating on these services and their importance related to proper development and to prevent disease.

Diabetes

- When was the member's last doctor's appointment to assess their diabetes? How about their last retinal eye exam? A1C testing? Diabetic foot exam? Nephropathy testing? Blood pressure check?
- Please help ensure these members are getting all the necessary exams and labs to assess their diabetes and progression of disease and ensure effectiveness of treatment.

HealthCare Effective Data Information Set (HEDIS)

- **HEDIS** is a set of standardized performance measures developed by the National Committee for Quality Assurance (NCQA) that allows comparison across health plans. It gives purchasers and consumers the ability to distinguish between health plans based on comparative quality instead of simply cost differences.
- **HEDIS** Scores – Physician-specific scores are used to measure PCP practice's preventive care efforts.
- How Can Providers Improve Their **HEDIS** Scores?

Why Did We Receive a Request for Medical Records?

You may receive a request from Sunflower's Medical Management, Quality, Auditing department, etc. We would like to remind you that Medical Records are required by contract for:

- All covered members (including those dual eligible where Sunflower was not payer of service provided)
- Contractual reasons for record requests
- To conduct utilization or quality review of member care
- Regulatory audits, monitoring, or reviews by the state, federal government or MCO
- To meet document requests required by accrediting organizations
- Public official requests

www.sunflowerhealthplan.com/content/dam/centene/sunflower/pdfs/Sunflower-Chasing-the-Chart-Provider-Info.pdf

Medical Record Requests & Review for Quality

Provider Responsibilities:

- Documentation needs to fully meet request (read request document carefully and include all items in request)
 - Timely submission (all requests will include a deadline and a contact number for questions, to discuss delivery, or if an extension is available)
 - Submit documents in a secure, useable format (email, fax, upload to portal or mail)
 - Specialists are to provide reports back to the member's PCP on a regular basis for coordination of care
- ❖ *Always submit medical records in PDF format*

Medical Record Documentation

Provider Responsibilities:

- To maintain clinical and medical records in a manner that is current, detailed and organized.
- Retain medical records for 10 years with additional details explained for extending the record retention timeframe noted in the provider manual.

Maintain the confidentiality of clinical and medical record information and release the information in the following manner:

- All clinical and medical records of members shall be confidential and shall only be released in compliance with HIPAA and other applicable record-protection laws.
- Written consent of the member is only required for the transmission of the clinical and medical record information of a former enrolled member for “sensitive conditions” or as otherwise specified by HIPAA and other applicable protection laws.
- Authorization is not required when the provider is transitioning care to another KanCare provider.
- The extent of clinical or medical record information to be released in each instance shall be based upon tests of medical necessity and a “need to know” on the part of the practitioner or a facility requesting the information.
- All releases of information for SUD specific clinical or medical records must meet federal guidelines at 42 CFR Part 2.
