CMS Final Rule 0057-F Prior Authorization Requirements

List effective 12/31/2025

Sunflower Health Plan requires prior authorization (PA) as a condition of payment for many services. This notice contains information regarding such prior authorization requirements and is applicable to Medicaid services offered by Sunflower Health Plan.

Sunflower Health Plan is committed to delivering cost-effective quality care to our members. This effort requires us to ensure that our members receive only treatment that is medically necessary according to current standards of practice. To comply with the CMS Interoperability and Prior Authorization final rule, Sunflower is required to annually report aggregated prior authorization metrics on our website. Specifically, this includes a list of all medical items and services (excluding drugs) that require prior authorization, as well as data on prior authorization requests for those items and services (e.g., approvals, denials, etc.) over the previous calendar year. Publicly reporting these metrics promotes transparency and accountability, helps patients understand prior authorization processes, and enables providers to evaluate payer performance. In addition, metrics can be used to compare plans, programs, and payers. For questions on the data below, contact your Provider Relations Representative.

It is the ordering/prescribing provider's responsibility to determine which specific codes require prior authorization.

Please verify eligibility and benefits prior to rendering services for all members. Payment, regardless of authorization, is contingent on the member's eligibility at the time service is rendered. **Out-of-Network (Non-Par) providers and facilities require authorization for all HMO services except where indicated.**

For a current CPT/HCPCS code listing, please see [Online Prior Authorization Tool](#) on our website.
