Wellcare Plan Updates Coming Soon for 2027

Beginning January 1, 2027, our Dual Special Needs Plan (D-SNP) under Wellcare will be renamed to Wellcare With Sunflower Health Plan. Our Medicare Advantage plans will continue to be named Wellcare.

This update is designed to better reflect the connection between our Medicare and Medicaid offerings for members who are eligible for both programs. **There are no changes to the way you work with our plans today because of this name change.**

What providers may notice

As this brand change is implemented, providers will see:

- Updated member ID cards for D-SNP products
- Updated plan names on provider resources
- References to Wellcare With Sunflower Health Plan across provider-facing and member-facing communications

Additional details and examples of updated ID cards will be shared in future communications.

What is not changing

As a result of this brand change, there are no changes to:

- Your participation status in our network(s)
- How you:
  - Check eligibility and benefits
  - Submit prior authorization and claims

Providers should always verify eligibility and benefits for the date of service using their standard verification process.

Watch for additional communications

Over the coming months, we will share:

- Examples of updated member ID cards
- Portal and Availity Essentials payer-space guidance
- Frequently asked questions

Thank you for your partnership as we prepare for this transition.
