### Strengths and Preferences (goals, motivators, preferences, Important to the individual)

Member's main goal is to obtain employment and be able to live independently. Member does receive SSDI. Member is interested in technology/computer work. Member is deaf and is also able to tutor in ASL. He would like to get certified in ASL to be able to teach sign language at some point.

### Relevant Social and Trauma History (Current living situation, employment status, pertinent legal history, level of education, relationship status, children, support system, etc.)

Member is currently living with his adult sister, no other family is involved with care. Member's sister is currently in the process of selling her home, they close on the house in June. Member's sister would prefer if member did not move into her new home with her and found housing/employment. Member has applied for HUD housing/is working with MHA and is currently on the wait list. Member has been in contact housing supports. Member would like to apply for IDD waiver and is waiting on IQ results. Member's sister and RNCM have attempted multiple times to obtain results. Calls have not been returned to RNCM or sister. Member's sister believes that member would do better in a group home setting. She has been working with providers for housing opportunities in their preferred location.
